YOU ARE WHAT YOU EAT

The food we eat is a reflection of our health and well-being. It is important to choose healthy options that provide the nutrients our bodies need.

ORANGE IS NO LONGER BEING EATEN

Orange is a popular fruit, but it is not always eaten in the way we think it should be. There are many creative ways to use oranges in cooking and baking.

RELAUNCH FOR BENDERS

With the recent divestment of the Benders napkin and table top business, Benders has relaunched the business as the Benders Paper Cup Company with a new logo and a newly consolidated position as Europe's largest dedicated paper cup manufacturer, based in the UK.

With new staff joining the business and a raft of new investments coming on line, Benders Paper Cup Company is ideally placed to respond to the demands and opportunities being created within Ireland, the UK and main land Europe.

As part of its commitment to the environment Benders Paper Cup Company not only make all paper cups in the UK using ethically sourced raw materials from sustainable, managed forests, but where possible, manage the impact of their business by sourcing and supplying locally. For more information regarding Benders Paper Cup Company visit the new website www.benders.co.uk or call 01978 855661.
