

## cup & lid combi-packs

- cup & lid combination packs, shrink wrapped, ready to use
- optimise space efficiency and maximise choice all in one pack
- available for both custom print and stock ranges

### combi-packs

**ideally suited to smaller outlets,**  
our cup and lid packs save valuable  
space where storage is limited and  
ease inventory pressure

a convenient and affordable solution to  
the 'grab & go' approach to retail trading

## cup & lid combi-packs

**Benders cup and lid combination packs offer a convenient and affordable solution to the 'grab & go' approach to retail trading.**

As customers increasingly consider themselves time-pressured, our combi-packs alleviate this pressure by increasing efficiency and maximising choice all in one pack.

Benders combi-packs are ideal for both small outlets and cash and carry trade stores, delivering our products in a way that services today's growing coffee-to-go culture.

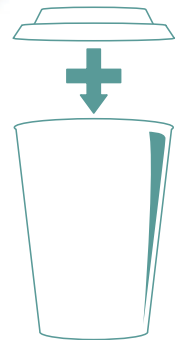

In addition, combi-packs ensure that the correct cup and lid combinations are sold together as one product to the end user.

We offer total flexibility in the number of cups and lids available in each combi-pack, including the type of cup/lid in white or black, the size of cup/lid and also case preference. We source ripper tape shelf ready boxes for added convenience!

As ever we aim to fulfil our customers individual requirements and are more than happy to discuss special requests. Please contact us to explore your options.

### You can rely on Benders to make the right environmental choices.

As part of our on-going commitment to the environment we are working closely with our suppliers to ensure the board we use to make our cups is obtained from sustainably-managed forests. We're proud to say that all of our cups are sourced from PEFC/FSC Certified forests.
